Re: Urgent Complaint and Request for Investigation – Fusion Tactical Team's Non-Compliance with Labour and Security Regulations

Dear Sir/Madam,

I am submitting this urgent complaint regarding **Fusion Tactical Team**, a private security company currently contracted to provide security services under the **Ramotshere Moiloa Local Municipality**.

Despite being contracted within a public institution, this company is operating in serious violation of South African labour laws, PSiRA regulations, and basic human rights standards.

I am a Security Officer employed by this company, and the following are the ongoing violations and unfair labour practices experienced by myself and fellow workers:

1. Registration and Legal Non-Compliance

- Most employees have been working for over two years without being registered with PSiRA, which is unlawful.
- We are also not registered for UIF, and no provident fund or pension contribution is made for employees.

2. Salary and Documentation Issues

- We do not receive payslips, and no clear records of our wages or deductions are provided.
- Employees were not allowed to fill in salary details or contract dates on employment forms, which raises suspicion about the company's payroll practices.
- We are underpaid and not earning according to the official PSiRA wage rates, with no 13th cheque or annual bonuses provided.

3. Unfair and Abusive Labour Practices

- Employees are charged or called for disciplinary hearings unlawfully, without written notices, proper representation, or valid reasons.
- Workers are threatened with dismissal if we report these issues to clients or authorities.
- We are denied fair leaves (only one leave in two years).

4. Unsafe and Inhumane Working Conditions

- No proper guardrooms or facilities are provided at our posts.
- During winter, we do not receive warm jackets or proper uniforms, forcing us to work in extreme cold.
- We have no medical aid, and no support is provided in case of illness or injury.
- Long hours and unsafe conditions continue without rest or relief.

5. Public Sector Accountability

- The company holds a security tender under the Ramotshere Moiloa Local Municipality, yet operates without following PSiRA, labour, or safety laws.
- Municipal officials and the head of security appear to be ignoring or protecting these violations, allowing this exploitation to continue within a public institution.

I respectfully request that your departments:

1. Conduct an urgent investigation into Fusion Tactical Team's compliance with PSiRA and labour laws.
2. Inspect all employment, wage, and registration records of security officers at this site.
3. Enforce corrective measures and penalties for unlawful labour practices and unsafe conditions.
4. Investigate the role of Ramotshere Moiloa Local Municipality in awarding and overlooking this non-compliant tender.
5. Ensure protection for all whistle-blowers and employees against any form of retaliation.

We believe this matter demands immediate attention and enforcement, as it involves the exploitation of security officers working under a government contract.

We ask that this complaint be handled urgently, confidentially, and with fairness.

Thank you for your attention. I trust your offices will act swiftly to uphold the law and restore dignity to the affected workers.

Yours sincerely,

Bongani Dikgang

Security Officer – Fusion Tactical Team
